ROWMAN & LITTLEFIELD

中世中国史辞典 全2巻 第2版

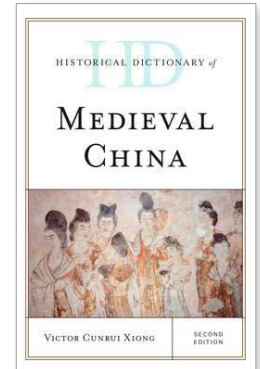

Historical Dictionary of Medieval China

2 volume set / 2nd edition

Historical Dictionaries of Ancient Civilizations and Historical Eras

By **Victor Cunrui Xiong**

This second edition contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 1000 cross-referenced entries on historical figure. It expands on existing thematic entries, and adds a number of new ones with substantial content, including those on nobility, art, architecture, archaeology, economy, agriculture, money, population, cities, literature, historiography, military, religion, Persia, India, Japan, Korea, Arabs, and Byzantium, among others.

ROWMAN & LITTLEFIELD

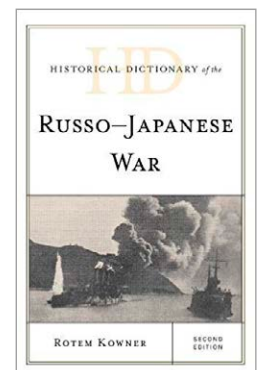

日露戦争史辞典 第2版

Historical Dictionary of the Russo-Japanese War 2nd edition

Historical Dictionaries of War, Revolution, and Civil Unrest, 29

By **Rotem Kowner**

This second edition offers a major revision of the highly praised first edition, which, by all accounts, has been the standard work on this conflict in any language during the last decade. The book contains a chronology, an introduction, appendixes, and an extensive bibliography. Moreover, the dictionary section has some 800 new or fully revised cross-referenced entries on the battles, weaponry, and major personalities of the war, as well as various international events and conflicts, agreements, schemes, and projects that led to the war.

ラトビア史辞典 第3版

Historical Dictionary of Latvia 3rd edition

Historical Dictionaries of Europe, 60

By **Andrejs Plakans**

Latvia is located on the eastern shore of the Baltic Sea. After a brief period of independence between the two World Wars, Latvia was annexed by the USSR in 1940. It reestablished its independence in 1991 following the breakup of the Soviet Union. Although the last Russian troops left in 1994, Latvia continues to revamp its economy for eventual integration into various Western European political and economic institutions. Since May 2004 Latvia is a member of the European Union.

LEXINGTON BOOKS

**西洋金融学の起源：
古代世界における権力、倫理、社会資本**

**The Roots of Western Finance:
Power, Ethics, and Social Capital in the
Ancient World**

By **Thomas K. Park**

In this book the authors take an anthropological approach to credit. They suggest that financial activities occur in a complex milieu, in which specific parties, with particular motives, achieve their goals using a form of social, cultural, or economic agency.

They examine the imbrication of finance and hidden interests in Mesopotamia, ancient Egypt, classical Greece and Rome, the early Judeo-Christian traditions, and the Islamic world to illuminate the ties between social, ethical, and financial institutions. This unique breadth of research provides new perspectives on Mesopotamian ways of incentivizing production through financial arrangements, the source of Egyptian surpluses, linguistics and usury, metrological influences on finance, and the enduring importance of honor and social capital. This book not only illustrates the particular cultural logics that drove these ancient economies, it also depicts how modern society's financial techniques, ethics, and concerns with justice are attributable to a rich multicultural history.

LEXINGTON BOOKS

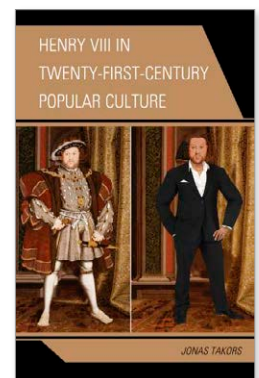

21世紀の大衆文化におけるヘンリー八世

**Henry VIII in Twenty-First Century
Popular Culture**

By **Jonas Takors**

Each age produces its own Henry(s). This innovative study in popular culture examines how novels, films, TV-series and historiography shape new versions of Henry VIII for the twenty-first century. From *The Other Boleyn Girl* to *The Tudors*, 2009's quint-centenary celebrations of Henry's coronation and *Wolf Hall*, (hi)stories are produced, distributed and used in very different ways. In each case, the producers' intentions, the narrative and the targeted audiences all contribute to the discourses on Henry VIII. However, there no longer exists a universally accepted popularization of Tudor history, so certain representations can lead to intense debates, for instance in case of the TV-show *The Tudors*.

Detailed studies of how audiences appropriate the narratives complement a thorough analysis of each text. In this manner, the monograph examines how different sense-resources are shaped into histories in various new subgenres and how the audiences, too, actively compare these histories. All of this takes place within an increasingly diverse historical culture. Simple notions of history as a top-down process are refuted as the role of the consumers and the use which they make of the individual histories is highlighted.

ラウトレッジ版世界政治におけるアジアハンドブック

Routledge Handbook of Asia in World Politics

Edited by **Teh-Kuang Chang**

This handbook provides a comprehensive overview of Asia's role in world politics, focusing throughout on how developments in Asia have influenced global politics and how the region has responded to international community in the modern era.

- **Part I** gives a broad overview of early encounters between Asia and the West and the political, economic and military development of Modern Asia.
- **Part II** looks at Asia's place in the global system, looking at regional powers, alliances and the involvement of Asian states in global organisations.
- **Part IV** moves on to look at Asia's international relations with key global players.
- Finally, **Part V** focuses on modern conflicts between Asia and other world powers and international interventions into intra-Asian conflicts

ROUTLEDGE

ラウトレッジ版東アジアにおける民主化ハンドブック

Routledge Handbook of Democratization in East Asia

Edited by **Yun-Han Chu** and **Tun-jen Cheng**

This handbook provides an in-depth analysis of the dynamics as well as prospects of democratization in East Asia. Thirty leading scholars and experts in the field offer chapter by chapter discussion at both the country and the regional level by examining the interaction between the domestic and external factors that shape the process of democratic transition, define the challenges that East Asian emerging democracies still face today, and influence the democratic prospect of the region's authoritarian regimes.

- Regional Trends and Country Overviews
- Institutions, Elections and Political Parties
- Democratic Citizenship
- Democratic Governance
- The Political Economy of Democratization

Examining the challenges that East Asian emerging democracies still face today, as well as the prospects of the region's authoritarian regimes, the *Routledge Handbook of Democratization in East Asia* will be useful for students and scholars of East Asian Politics, Comparative Politics and Asian Studies.

To learn about the "Age of Revolutions" in Europe and the Americas is to engage with the emergence of the modern world. This book provides up-to-date content and perspectives, classroom-tested techniques, innovative ideas, and an exciting variety of pathways to introduce students to this complex era of history.

Martensson, Ulrika

Tabari

(*Makers of Islamic Civilisation*)

184 pages 2017:06 I.B. Tauris

Paperback 9781848851856 £10.99

Medieval historian al-Tabari (c 828–923 CE) was a brilliant scholar of 'Abbasid Baghdad who wrote extensively in all fields of the Islamic science of his day. The author explores the philosophy and methodology that underpin Tabari's thinking, and places his work in the context of the complex society that comprised the Abbasid Caliphate.

Johnston, Andrew C.

The Sons of Remus: Identity in Roman Gaul and Spain

384 pages 2017:06 Harvard U.P.
Hardback 9780674660106 US\$49.95

Histories of Rome emphasize the ways the empire assimilated conquered societies, bringing civilization to barbarians. Yet these interpretations leave us with an incomplete understanding of the diverse cultures that flourished in the provinces. Andrew C. Johnston recaptures the identities, memories, and discourses of these variegated societies.

Cromwell at War: The Lord General and His Military Revolution

304 pages 2017:07 I.B. Tauris

Hardback 9781784535117 £25.00

Oliver Cromwell was arguably the most significant political figure in the early modern history of the British Isles. Yet he was also a military leader, with significant battlefield victories to his credit.

Brooks, Simon

Why Wales Never Was: The Failure of Welsh Nationalism

240 pages 2017:05 Univ. of Wales Pr.

Paperback 9781786830128 £16.99

In the 19th century, the 'Age of Nationalism', when nationalisms flourished in every small European country, no Welsh national movement emerged. Contrary to the popular view that Welsh radical politics was a boost for Welsh nationalism, *Why Wales Never Was* shows that this was the very reason for its failure.

Indians in the Family: Adoption and the Politics of Antebellum Expansion

346 pages 2017:06 Harvard U.P.

Hardback 9780674737556 US\$39.95

Through stories of a dozen white adopters, adopted Indian children, and their biological parents in early America, Dawn Peterson shows the role adoption and assimilation played in efforts to subdue Native peoples. As adults, adoptees used their education to thwart U.S. claims to their homelands, setting the stage for the Indian Removal Act of 1830.

Prentiss, Anna Marie (ed.)

The Last House at Bridge River: The Archaeology of an Aboriginal Household in British Columbia During the Fur Trade Period

368 pages 2017:05 Univ. of Utah Pr.

Hardback 9781607815433 US\$59.00

Offers a comprehensive archaeological study of a single-house floor and roof deposit dated to approximately 1835–1858 C.E. Although the Fur Trade period of the nineteenth century was a time of significant change for aboriginal peoples in the Pacific Northwest, it is a period that is poorly understood. These studies offer new insights.

**Yokohama and the Silk Trade:
How Eastern Japan Became the Primary
Economic Region of Japan, 1843–1893**

New Studies in Modern Japan

By **Yasuhiro Makimura**

This study provides a political and economic examination of the impact of the silk trade on nineteenth-century Japan. It analyzes the role of Japan's eastern interior region and the port of Yokohama and argues that the growth of the silk industry was largely responsible for the integration of Japan into the global economy.

補償の輪：日本の経済成長とグローバル化

Circles of Compensation: Economic Growth and the Globalization of Japan

By **Kent E. Calder**

This book identifies the crucial variables as classic Japanese forms of socio-political organization: the "circles of compensation." These cooperative groupings of economic, political, and bureaucratic interests dictate corporate and individual responses to such critical issues as investment and innovation; at the micro level, they explain why individuals can be decidedly cautious on their own, yet prone to risk-taking as a collective. Kent E. Calder examines how these circles operate in seven concrete areas, from food supply to consumer electronics, and deals in special detail with the influence of Japan's changing financial system. The result is a comprehensive overview of Japan's circles of compensation as they stand today, and a road map for broadening them in the future.

英訳『グローバル資本主義の中の渋沢栄一』

Ethical Capitalism: Shibusawa Eiichi and Business Leadership in Global Perspective

Edited by **Patrick Fridenson** and **Kikkawa Takeo**

Ethical Capitalism is a volume of essays that tackles the thought, work, and legacy of Shibusawa Eiichi and offers international comparisons with the Japanese experience. Eiichi advocated for *gapponshugi*, a principle that emphasized developing the right business, with the right people, in service to the public good. The contributors build a historical perspective on morality and ethics in the business world that, unlike corporate social responsibility, concentrates on the morality inside firms, industries, and private-public partnerships. *Ethical Capitalism* is not only a timely work; it is a necessary work, in a rapidly globalizing world where deregulation and lack of oversight risk repeating the financial, environmental, and social catastrophes of the past.

Beasts Head for Home: A Novel*Weatherhead Books on Asia*● By **Kobo Abe** / Translated by **Richard Calichman**

Following his nation's defeat in the Pacific War, Kuki Kyuzo, a Japanese youth, struggles to return home to Japan from Manchuria. What follows is a wild journey involving drugs, smuggling, chases, and capture. Kyuzo finally makes his way back to Japan but finds himself unable to disembark. His nation remains inaccessible to him, and now he questions its very existence. *Beasts Head for Home* is an acute novel of identity, belonging, and the vagaries of human behavior from an exceptional Japanese modern author.

日本の禅庭園

Japanese Zen Gardens

By **Yoko Kawaguchi** / Photos by **Alex Ramsay**

The austere, enigmatic rock gardens of Kyoto, Japan's ancient capital, have never ceased to fascinate garden lovers. Weather--beaten rocks set in an expanse of white sand raked into geometric patterns challenge the idea of a garden as a space chiefly dedicated to the cultivation and appreciation of plants. How did the taste for this kind of garden arise? What do the stones represent? Why aren't there more flowers? This book sets out to answer questions such as these. It explores the Zen characteristics of these gardens, and discusses the impact Zen Buddhism has had on the Japanese way of looking at the natural world. This book also shows how key traditional concepts, such as that of using the confined space of a garden to create a landscape in miniature, were reinterpreted in Zen temple gardens. It explores how they make use of traditional imagery, such as those of mountain and sea, and how they reflect that acute sensitivity to the passage of time and the changing of the seasons which characterizes so many other Japanese garden styles.

Yoko Kawaguchi's thoughtful and learned book illustrated with commissioned photography by Alex Ramsay, this book covers important examples of Japanese Zen temple gardens from the fourteenth century through to the twentieth century. It appeals to readers who are interested in gardens, garden design and garden history, as well as in Zen Buddhism and Zen aesthetics. It also serves as a useful reference book for travellers planning a trip to Japan to visit the country's temples.

戦後の日本及び琉球諸島からの南アメリカへの移民

Postwar Emigration to South America from Japan and the Ryukyu Islands

SOAS Studies in Modern and Contemporary Japan

By Pedro Iacobelli

Placing a distinct focus on the role of the sending state, this book examines the history of postwar Japan's migration policy, linking it to the larger question of statehood and nation-building in the postwar era. Pedro Iacobelli delves into the role of states in shaping migration flows by exploring the genesis of the state-led emigration from Japan and the US-administered Ryukyu Islands to South America in the mid-20th century.

楽園の足跡：沖縄のエコツーリズム、現地の知識、自然療法

Footprints in Paradise: Ecotourism, Local Knowledge, and Nature Therapies in Okinawa

New Directions in Anthropology, 40

By Andrea E Murray

The economic imperative of sustainable tourism development frequently shapes life on small subtropical islands. In Okinawa, ecotourism promises to provide employment for a dwindling population of rural youth while preserving the natural environment and bolstering regional pride. *Footprints in Paradise* explores the transformation in community and sense of place as Okinawans come to view themselves through the lens of the visiting tourist consumer, and as their language, landscapes, and wildlife are reconstituted as treasured and vulnerable resources. The rediscovery and revaluing of local ecological knowledge strengthens Okinawan or *Uchinaa* cultural heritage, despite the controversial presence of US military bases amidst a hegemonic Japanese state.

第二次世界大戦とアメリカの占領に対する日本の省察

Japanese Reflections on World War II and the American Occupation

By **Edgar A. Porter** and **Ran Ying Porter**

This book presents an unforgettable up-close account of the effects of World War II and the subsequent American occupation on Oita prefecture, through firsthand accounts from more than 40 Japanese men and women who lived there. The interviewees include students, housewives, nurses, midwives, teachers, journalists, soldiers, sailors, Kamikaze pilots, and munitions factory workers. Their stories range from early, spirited support for the war through the devastating losses of friends and family members to air raids and into periods of hunger and fear of the American occupiers. The personal accounts are buttressed by archival materials; the result is an unprecedented picture of the war as experienced in a single region of Japan.
